In November 2020, Brooklyn Park joined the AARP Network of Age-Friendly States and Communities. What does this mean? The City of Brooklyn Park's leadership has made a commitment to support people of all ages, through a livable community, improving the quality of life for the very young, the very old, and everyone in between. Age-Friendly Communities recognize the vital role older adults contribute to the community and the importance of supporting positive aging.

Brooklyn Park Recreation & Parks invites businesses and organizations that provide products, services, and opportunities for community members to age-well in place to the 2024 Living Well Resource Fair. Together, we can provide information and resources to support our Age-Friendly community and quality of life at all ages, stages, and abilities!

Join as a Sponsor or Exhibitor and experience these benefits:

- Sponsors receive preferential table placement and logo on all promotions
- All exhibitors receive 8' table/space, recognition in event program with name and website listing
- Promote your business/organization and gain clientele by sharing information on your products/services
- Network with other community health and wellness service professionals

We request that your organization:

- Promote your presence at the event within your network
- Provide signage for your booth (no wider than 6' wide), table cover (8' table) & decorations
- Make your booth interactive with health and wellness in mind
- Provide complimentary samples, giveaways or drawings that market your business/organization

*Note booth space is available for 45 exhibitors.
