

# What's At Stake With Student Discipline

## *Policies, Resources, & Action*

EdAllies and the Solutions Not Suspensions Coalition are proud to host a virtual event focused on giving parents, advocates, and community members an update on the latest policy changes related to student discipline.

A panel of experts will explain how ongoing debates will impact students, and how attendees can get involved.

Speakers will then share resources concerned caregivers can access to advocate for their students directly.
