

2026 SESSION SUMMARIES

Introduction

The Legal Services Advocacy Project (LSAP) is pleased to present the 2026 Session Summaries. LSAP, a statewide division of Mid-Minnesota Legal Aid, provides legislative and administrative advocacy on behalf of Legal Aid and its clients.

These summaries are divided by topic area of substantive law and reflect the statutory changes made by the Legislature in 2026 that we believe most impact Legal Aid's clients. They do not include every bill enacted into law during legislative session. Certain entries that are applicable to more than one substantive area may be repeated in more than one section.

Please note that "Chapters" listed under the entries (in italics) refer to the Session Laws that were enacted by the Legislature and signed by the Governor in the 2026 legislative session, while "Chapters" referred to in the body of the text of the entries refer to sections of law codified in Minnesota Statutes.

These summaries have been prepared by the LSAP staff. Some of the source material is based on bill summaries prepared by legislative staff of the House and Senate.

We hope you find these Session Summaries useful.
